

# SaskEnergy Share the warmth

## Home Energy Efficiency Project

Do you want to make a difference in your community? An exciting opportunity exists to help homeowners become more energy efficient and reduce energy use on a global scale?

SaskEnergy, The Salvation Army and SIAST invite YOU to join the Home Energy Efficiency Project team 2007. This September & October will be the 3<sup>rd</sup> Annual Home Energy Efficiency Project. Join us in helping homeowners in your community save energy & money. We need YOU to participate. No experience is necessary training will be provided on project day.

Share your time  
your skills  
your knowledge

Volunteer teams will be performing duties such as:

- ♥ Preparing windows and doors for winter with caulking and weather-stripping
- ♥ Installing compact fluorescent light bulbs
- ♥ Installing furnace filters
- ♥ Installing gaskets around light switches and plug ins
- ♥ Installing water saving items (i.e. water wizard and water saver showerhead)

A special Volunteer team will be asked to:

- ♥ Install programmable thermostats

If you want to join the HEEP Team please contact your local liaison:
